**Re: Sediment Storage/Sed Pond 004a Cleaning Addendum**

Dear Mr. Haddock:

As per our telephone conversation of June 10, I respectfully submit this MRP Addendum to be identified as Addendum 6-11-94/004a Sed Pond/742.221.31-36. In late July or early August White Oak will be cleaning the Sediment Pond 004a and placing the sediment in the Upper Material Yard as depicted on the attached Drawing No. R645-301-231.300, Sheet 4 of 4. This area was approved last year when Valley Camp cleaned the pond to below 60%.

With this area being utilized for a drying bed, Ditch 29A will be moved to the outslope of the outslope embankment of the placed material. When the material becomes stable (hopefully this fall), we will apply an approved seed mix. Also the appropriate "as built" map(s) will be revised to show contour changes as well as revising the reclamation map(s).

As we have discussed previously, White Oak is planning to do several small area reclamation projects during this construction season. To speed up the process of amending the plan, it would be greatly appreciated if Paul Baker could come down and review the various areas.

If you have any questions, please call me at (801) 448-9413 (Voice Mail \*8 19).

Sincerely,

Steven K. Tanner  
Environmental Coordinator
