SPEED MESSAGE

TO: Wayne Hedberg
Minerals Supervisor

FROM: Holland Shepherd
Rec. Spec.

SUBJECT: MSHA regarding Aragonite Mine

DATE: 1-2-91

I spoke to MSHA supervisor Fred Hansen today. He indicated that info. on violations and orders is public information and could be made available to us, but would have to be done via Denver MSHA office. Need to talk to Dist. Manager Vern Gomez.

Mr. Hansen indicated that an inspector would be sent out to the site, if operating would be ordered to shut down. Also, MSHA will keep us posted regarding developments at the site.
