John -

I am not sure if I need to get your concurrence, as the mine was never permitted, so there is no bond.

I have written an inspection report documenting that the area was never disturbed (S. Allen of the BLM provided me with photo documentation from 11/14/2014). The inspection report is attached.

Please send your concurrence via email. If you have any questions please call me at 801-538-5257

thx-lah

Ledslie,

No bond = No concurrence necessary.

However, Desert Hawk Gold Corp came in last April and obtained a new one-year Clay permit from SITLA (ML 52807) to replace the SITLA permit that had expired. I wonder if they are still planing to do anything at the site under the new SITLA permit. Would they need to apply for a new SMO with DOGM?
