RE: Reclamation Surety
Geokinetics, Inc.
Seep Ridge Project
ACT/047/019
Uintah County, Utah

Dear Catherine:

In order to adequately bond for reclamation for the work that Geokinetics is doing, it has been decided that $2000 per acre should be posted as interim surety for this operation. This would bring the interim bond amount to $80,000 (40 acres X $2000/acre). State Lands is already holding two bonds worth $30,000 therefore, $50,000 more should be posted. You may post the bond with either our office or State Lands, whichever is more convenient.

I have enclosed a bond form for your convenience.

Please understand that the surety estimate will be revised when the permit application is evaluated.

Thank you for your cooperation. If you have any questions, please feel free to call me.

Sincerely,

Pamela Grubaugh-Littig
