SUBJECT: M/047/013 ZIEGLER CHEMICAL & MINERAL CO., COTTONWOOD #3

RETURNED CALL FROM JOHN BLAKE, STATE LANDS & FORESTRY

DATE: JUNE 30, 1992 ~0900

- JOHN IS AWARE OF ZIEGLER'S COTTONWOOD #3 PROPOSAL. THEY ARE EXTENDING THEIR WORKINGS ALONG THE VEIN. THEY WILL NEED TO PERFORM AN ARCHEOLOGICAL SURVEY PRIOR TO ANY WORK AND ALSO POST AN ADDITIONAL BOND. → DOGM'S APPROVAL LETTER (BEING SENT TODAY) ALLOWS THE DRILLING PORTION OF THE PROJECT TO PROCEED PROVIDED STATE LANDS HAS APPROVED IT. DOGM WILL ALLOW THE SHAFT SINKING AFTER PROOF OF ACCEPTABLE BONDING WITH STATE LANDS HAS BEEN RECEIVED. - HE RECEIVED COPY OF NON-COMPLIANCE LETTER - THE ILOC DID NOT COVER STATE LANDS, CORRECT? → CORRECT, FROM MY REVIEW OF THE FILES DOGM DID NOT REQUIRE A SEPARATE BOND FOR THOSE AREAS/PROJECTS BONDED WITH STATE LANDS.
