SUBJECT: ML 22168

Gentlemen:

The above numbered lease is due to expire on January 1, 1985, and may not be extended in the absence of commercial production. It is therefore required that you immediately perform reclamation of all drill holes, and surface disturbances for which you are responsible upon the property. Reclamation must be in compliance with your plan on file with the Utah Divion of Oil, Gas, and Mining and must include:

1. Plugging of all drill holes.
2. Recontouring of all pits, and cuts.
3. Removal of all buildings, fences, footings, pavements, and structures.
4. Redistribution of topsoil over disturbed areas and re-seeding with an approved seed mixture.
5. Removal of all trash, and debris.

Reclamation must be within 60 days, except for re-seeding which should be performed in April, 1985, your C.D. # 102979 in the amount of $20,000 is held to assure performance of reclamation. Please contact me should you have any questions in this matter.

Sincerely yours,
