RE: White Oak Bond Reduction Change #95A, White Oak Mining & Construction Co., Inc., White Oak #1 and #2, ACT/007/001, Folder #2, Carbon County, Utah

On June 20, 1995 White Oak submitted an application for permit change #95A. They requested that the current bond amount of \$5,891,000 be reduced to \$3,398,000. Optimization of reclamation methods resulted in the bond amount being reduced by \$2,493,000.

The PAP contains 54 pages of calculations to support the bond adjustment. Those 54 pages are photocopies of the bond calculations done by the Division. The Operator has agreed to accept the Division's estimates for reclamation work at this time.

Since the Division determined that the bond amount should be \$3,398,000 I recommend that the Operator be allowed to adjust the bond from \$5,891,000 to \$3,398,000.
