APPLICATION FOR PERMIT CHANGE

Title of Change:

Add Section 9 to PAP - Spoil Area

Permit Number: ACT/007/001

Mine: WHITE OAK #1/#2 LOADOUT

Permittee: WHITE OAK MINING/CONSTR.

Description, include reason for change and timing required to implement:

A new Section 9 is being added to the PAP - Volume 3. The section gives design & construction specifics for the Spoil Area.

- 1. Change in the size of the Permit Area? No
2. Change in the size of the Disturbed Area? No
3. Will permit change include operations outside the Cumulative Hydrologic Impact Area? No
4. Will permit change include operations in hydrologic basins other than currently approved? No
5. Does permit change result from cancellation, reduction or increase of insurance or reclamation bond? No
6. Does the permit change require or include public notice publication? No
7. Does the permit change require or include ownership, control, right-of-entry, or compliance information? No
8. Permit change as a result of a Violation? Violation # NOU #N-96-7-3-1
9. Permit change as a result of Division Order? D.O. #
10. Permit change as a result of other laws or regulations or policies? Explain:
11. Does the permit change affect the surface landowner or change the post mining land use? No
12. Does permit change require or include underground design or mine sequence and timing? (Modification of R2P2?) No
13. Does permit change require or include collection and reporting of any baseline information? Soils
14. Could the permit change have any effect on wildlife or vegetation outside the current disturbed area? No
15. Does permit change require or include soil removal, storage or placement? Spoil Material
16. Does permit change require or include vegetation monitoring, removal or revegetation activities? No
17. Does permit change require or include construction, modification, or removal of surface facilities? Spoil Pile
18. Does permit change require or include water monitoring, sediment or drainage control measures? Move Ditch
19. Does permit change require or include certified designs, maps, or calculations? Stability & Pile Cert
20. Does permit change require or include subsidence control or monitoring? No
21. Have reclamation costs for bonding been provided for any change in the reclamation plan? No
22. Is permit change within 100 feet of a public road or perennial stream or 500 feet of an occupied dwelling? No
23. Is this coal exploration activity? No

Attach complete copies of proposed permit change as it would be incorporated into the Mining and Reclamation Plan.

I hereby certify that I am a responsible official of the applicant and that the information contained in this application is true and correct to the best of my information and belief in all respects with the laws of Utah in reference to commitments, undertakings, and obligations, herein.
