DIV. OF OIL, GAS & MINING

A few years ago, my son was driving our tractor, East on Highway 6 From Genola to Santaquin. When he was hit by a passing car.

Which did several thousand dollars damage to my new tractor, and totalled out their car.

On this Highway we have seen head on accidents, horses hit, cars rear ended, a semi collided with an on coming car and several were killed, also there has been several rollovers.

I feel this road is unsafe for the vehicles now and know this is unsafe for major truck traffic.

As a fruit farmer I am scared to death to travel on it with my equipment from Genola to Santaquin, which I have to do.

Please vote no to the Asphalt Plant. For this would create more unsafe traffic.
