Utah DOGM
attn Wayne Hedberg

I spoke w/ Aetna & they want to reissue the Bond re TMC-Utah Goldstrike. It also approves of the changes we have worked on.

I suggest that you send me as many copies as necessary of the Reclamation Contract and Bond for Tenneco's execution and forwarding to Aetna. It might also be good for the contract to have UDOGM's /s/ already in place so that when Aetna gets the bond to execute, it will, with Tenneco's /s/ be related to a signed contract.

Send the documents to me to review & initial for Tenneco management. Then I will forward the package to Tenneco/Houston with instructions, which will include

Badger > Hedberg
2/3/93, p2

Tenneco adding its own new Bond # plus an executive signature.

Please call me to confirm. I'll be out for a while Thurs. A.M but will leave my fax/ans machine on.

Thanks for your help

Sincerely
