Re: Acceptance of Notice of Intention to Commence Small Mining Activities, TJKSK Placer Mining Claims Project, S/053/046, Washington County, Utah

Dear Mr. Gore:

On March 30, 1995, this Division sent you a letter stating that Feller Holding Corporation's Notice of Intention (NOI) for their TJKSK project was deficient. On April 11, 1995, your office sent us a copy of the Notice you received from Feller Holding Corporation. Your designated file number for this project is **UTU-73395**. The notice sent to the BLM addresses the deficiency concerns the Division had regarding: 1) maps of the proposed mining operation; and 2) our concerns with the variance requests are assumed to be unwarranted as the operator addressed topsoil redistribution in the BLM's notice. Therefore, as no variances are requested, the operator will be required to meet **all** the operation and reclamation practices outlined under Rule R647-3-110.

This letter is to advise you that with the BLM notice, the NOI now satisfies the requirements of Rule R647-3 of the 1988 Division of Oil, Gas and Mining Minerals Rules, and Title 40-8, et seq., of the Utah Mined Land Reclamation Act of 1975.

Thank you for your cooperation. If you receive further information or amendments for this operation, please notify us so we will be able to update our files. Please reference our designated file number S/053/046 when forwarding additional information on this project to us.

Sincerely,

Lynn Kunzler
Reclamation Specialist
