Re: Closure of Amendment ACT/007/001-96B, White Oak Mining & Construction Co., White Oak Mine, Folder #2, Carbon County, Utah

Dear Mr. Wayment:

The Division is closing out the referenced amendment effective June 6, 1997. Should you choose to move forward with the conveyor realignment at a later date an estimate for the demolition and removal cost for the new conveyor system would be required by our agency. Please feel free to call if you have any questions.

Sincerely,
