Attached please find the water quality data for the 2nd Quarter of 1998 for White Oak Mining and Construction. Sites S 36-19, S 24-12, S 7-11, and S 31-13 were inaccessible due to locked gates and snow drifts on the roads and spring sample sites. Carter Reed of the Manti - La Sal Forest Service was contacted (6/22/98) about access through their gate to Trough Springs, however they declined access until July 4th. *

If you have any questions please call me at (435) 472-0884 or (801) 561-1555. Thank you for your assistance.
