Re: Sediment Removal for Sediment Pond #004A, White Oak Mining & Construction,  
White Oak Mine #1, ACT/007/001-97B, File #2, Carbon County, Utah

Dear Daron,

*Copy Daron & Joe  
Fax Steve (PFC)*

We have reviewed White Oak Mining & Construction Company's proposal for disposing of sediment from the sediment pond of their #1 Mine within abandoned workings. We also met with representatives of White Oak today, and were given a detailed explanation of why alternative methods of disposal are not feasible.

We consent to the sediment disposal as White Oak has proposed in the mapped "Discharge Area", with the understanding that this is a one-time exception to their normal disposal requirements to solve a current emergency. Chemical and hydrologic analyses indicate there should be no adverse impacts to the hydrologic system.

Please contact Carter Reed or Dale Harber at (435) 637-2817 if you have any additional questions.

Sincerely,

*Janette S. Kaiser*

Subject: Revision to White Oak permit concerning Pond 004 Sediment Removal.

*Copy Joe*

Please find enclosed 7 copies of changes to the White Oak permit concerning the pumping of sediment into the "west mains" at the White Oak Mine. This submittal is being made to comply with a request from Joseph C. Helfrich.

A single page has been added to the appendix out of a August 1993 copy of the Valley Camp PAP. The page has been revised to note the inclusion of this appendix. Due to circumstances created by my predecessor the information on this page does not specifically fit anywhere in the current PAP.
