Re: Mountain States Analytical, Inc. Lab Report Format, Horizon Mining, LLC, Horizon Mine, ACT/007/020, White Oak Mining & Construction, White Oak Mine, ACT/007/001, File #3, Carbon County, Utah.

Dear Ms. Miller:

This letter is to notify you that the Division of Oil, Gas, & Mining received your submittal for the second quarter water quality data for the Horizon Mine and White Oak Mine. On July 9, 1998, the Division sent you and Denise Dragoo a letter describing the information which must be included on future laboratory reports. Since this letter was sent after you collected the second quarter samples, we will accept this submittal even though it is lacking the required information identified in the July 9, 1998 Division correspondence.

Please be aware that your third quarter water data submitted must include all of the required information or it will not be accepted. The Division is moving forward with the electronic submission of water quality data beginning the third and fourth quarters 1998. The electronic data process requires these water quality reports to include this information.

Thank you for your cooperation in this matter. If you have any questions, please call me, Ken Wyatt, or Nina Braxton.

Sincerely,

A handwritten signature in black ink, appearing to read 'Pam Grubaugh-Littig'.

Pam Grubaugh-Littig  
Permit Supervisor
