RE: Extension of Submittal Date for Highwall Removal Calculations to November 19, 1999

Dear Daron,

Lodestar Energy hereby requests an extension for the submittal of the "Highwall Elimination" ACT/007/001-AM99C amendment deficiencies. We have resurveyed the areas but are waiting for the data. Once we receive the data we estimate it will take two to three weeks to revise the calculations and drawings associated with the elimination or retention of the pre-SMCRA and other highwalls.

Should you require any additional information, please contact me at (435)472-0884 or David Miller at (435) 637-9200. Thank you for your assistance and understanding in this request.

Sincerely yours,

Verly S. Miller
