*ACT/002/020 #7*

Dear Ken,

Enclosed are copies of the analytical data for Horizon and White Oak Mines. The analytical data was submitted on October 29, 1999 in EDI format to your email address. As explained in the email letter the cation/anion balance parameter is missing from the parameter list of the visual foxpro program that was downloaded from your web site. These analytical data sheets have the missing cation/anion balance results.

If you have any questions regarding this matter, please call me at (801) 561-1555.

Sincerely,

*11/2/99*

*Julie Roque*
