Re: Electronic Water Quality Data Input Seminar- July 12, 2000 / College of Eastern Utah, Room 114, 9:00am

Dear Ms. Knoop:

The Division of Oil, Gas and Mining will present a seminar entitled "How to Use the Electronic Data Input (EDI) Website." **Wednesday July 12, at the College of Eastern Utah, next to the Price Field Office, Room 114 at 9:00am.** Ken Wyatt will give a presentation using a live Internet hookup to show you how to upload and process your water quality data files.

Ken will discuss the EDI format your data needs to be in order to utilize the Website. One of the plus points of the system is that it will not accept data that is incorrect in format, so this seminar will be cost effective in helping you reduce the amount of time you or your employee need to spend on data input. Ken will also be available to give individual instruction from 11:30am to 4:00pm that day. Please contact Sheila to arrange a specific time for an individual session on July 12, or Ken to arrange another date for individual help.

In order to ensure we have enough materials, I am requesting that you pre-register. Please fill out the enclosed form and mail it to Sheila Morrison at the Division, or call her at 538-5289, or e-mail her at nrogrm.smorrison@state.ut.us. Also enclosed is a tentative agenda. We look forward to seeing you at the seminar. If you have any question please feel free to call.

Sincerely,

Pamela Grubaugh-Littig  
Permit Supervisor
