

DAILY CONSTRUCTION PROGRESS REPORT
-- INSPECTOR --

Project: White Oak Mine & Loadout Date: 12/10/2003 M T **W** Th F S Su

Crew: Ledcor-6, Wayment-3 Supervisor: Wayne Helsel Hours: 7:00 am to 5:15 pm

Equipment: Trucks-3, Back Hoe-1

General description of work performed, equipment/material deliveries, etc:

1- Three trucks hauled spoil to Pit E from lower pad area. Material is mostly dry to damp and brown in color.

2- Dozer is making a road to upper most end of property to place topsoil where Priscilla wanted. This is the area between Pit C and Pit D (Southern end of the property).

3- Two dozers are pulling soil in Pit C. This pit is nearly 75 percent completed. The dozers are uncovering a lot of black (coal) material. Coal seam is near the surface.

4- Wayne is running a dozer throughout the day since dozer operator had a heart condition. He has never returned to work.

5- Wayment's crew is loading a scrap truck. No demolition is being done today.

6- Snow started mid-day and the trucks were shut down for rest of the day.
