Subject: Stacker Tube

Tim - Steve Demczak let me know this morning that when he was out at his inspection at White Oak on Friday, May 2, he was informed by Todd Kiscaden that the stacker tube at the White Oak Mine is available right now for someone to take. You can contact him at the Holiday Inn in Price (435-637-8880).

Please let me know about the CD for the as-builts. Thank you.

CC: Demczak, Steve
