Blue Ridge Services was an operator at the White Oak Mine (ACT/007/001) for a short period. Blue Ridge Services was start dated in February 2003 end-dated from the AVS system on May 22, 2003. Blue Ridge has been associated with two COs (one issued on 3/12/03 and the other on 5/16/03) at the White Oak Mine that occurred within this time frame. Blue Ridge has no responsibility with those two cessation orders at the White Oak Mine and should not be associated with them in the AVS system.

Please reflect this in the AVS system. Thank you. Pam
