RE: Water Well at White Oak, White Oak Mine, Forfeited Site,
C/007/0001

A functional water well with a pump located below the sedimentation pond and inside the permit area was part of the coal mining operation at the White Oak Mine. This well is associated with Water Right #E1691 (91-4884) which is owned by Valley Camp. The landowner of this property is the Madsen Trust and wants this well to remain.

This well will remain and not be reclaimed as part of the bond forfeiture.
