Dear Sirs/Madame,

The Division of Oil Gas and Mining received a request to stabilize the paved, access road to the former White Oak mine site. You represent one of three landowners being served by this road in Township 13 South, Range 7 East, Section 19. The Division would like to meet with you to discuss your plans for future use of the road and possible treatment options, with the aim of arriving at a consensus on an approach.

Are you available for a meeting on Tuesday, December 18, 2012 at 10:00 a.m. at the Division of Oil Gas & Mining office on 1594 West North Temple (Suite 1210) in Salt Lake City? Please reply to me either by phone or email.

Sincerely,

Priscilla Burton
