Hello Linda,

I am trying to contact John Madison, entity 152984, because he is listed by the State of Utah as the contact for land owned by Blue Ridge Services, LLC, entity 152984. Blue Ridge Services, LLC owns a parcel along the access road to the former White Oak mine site (a bond forfeiture site last permitted in 2000 by Lodestar Energy, entity 144419).

I believe that Blue Ridge Services, LLC may no longer exist, but the state of Utah sends tax notices for this parcel and others owned by Blue Ridge Services, LLC to Mr. Madison at the following address: P.O. Box 1675; Ashland VA 23005. I have sent a certified, return-receipt- requested letter to that address as well, without response.

Mr. Madison is also affiliated with Old Virginia Services, LLC = entity 152767, and White Oak Mining & Construction Co, Inc = entity 132567, and with partners Scott Kiskaden, entity = 098332 and Donald Kiskaden, entity = 105030.

I have tried without any luck to contact John Madison by telephone. The Virginia number [804-559-0046](tel:804-559-0046) is always busy. I have left several messages at this Kentucky telephone number [606-589-6231](tel:606-589-6231) (which seems to be the newest number in the AVS directory for him), without response.

I have "googled" him and found him to be affiliated with Ktk Mining of Virginia, LLC EIN 523-23-2368, but I always get a busy signal when I dial the number listed ([214-748-3647](tel:214-748-3647)).

Would you or your contacts in Kentucky or Virginia be able to provide me any more current contact information for John Madison, entity 152984?

Sincerely,

Priscilla Burton

[435-613-3733](tel:435-613-3733)
