Priscilla,

We should be able to come up with \$1000 for this effort. That is actually a lot cheaper (and probably more effective) than having a group of people come down to do manual weed control. I will put the 19th out there during staff meeting as a possible date to do weed control. That should be a good date. Thanks.

Daron

Hello Daron,

Please review the attached a memo concerning authorization for White Oak weed control.

Also, please add a discussion of the weed control date to next week's staff meeting agenda. I suggest the afternoon of June 19 as most SLC staff will be in Price for the Collaborative meeting in the a.m. Or if that doesn't work out, I suggest June 20.

Thanks,

Priscilla Burton
