Hello Robert,

At my request, the SCWMA sent a letter to the UP Railroad and to the Liodakis Trust (the Whiteoak loadout landowner) requesting authorization to spray on their property on July 23 and asking for a contribution towards the purchase of herbicide. I am thinking that SCWMA should send similar letters to the Hammonds and Darin Caine, unless you have passed along the authorization form. Would it be helpful for SCWMA to send a letter to Questar and Marion to request contributions or do you have commitments already?

I am planning on attending the next SCWMA meeting April 3 (9 am) at the Price Ambulance Garage and have forwarded the agenda for that meeting. Do you have any information that you would like me to pass along about the White Oak weed control project? Have you heard from Corinne Dalton, USFS about grazing?
