Hello Mike,

Robert has been speaking with the town of ClearCreek about the July 23, 2013 project and passes their consent along. It is attached. He says they have pledged \$500 towards the cost of the chemical.

Priscilla,

See attached Memo of Understanding signed on behalf of Clear Creek. Clear Creek has also pledged to contribute \$500 and possibly more if needed.

I am still working on securing funds from Marion and Questar.

**CCHOA Memorandum of Understanding 4-9-2013.pdf**

222K

Memorandum of Understanding

The Skyline Cooperative Weed Management Area (CWMA) has determined it is in the best interest of landowners, neighbors and interested agencies to work cooperatively to control noxious and invasive weeds. The area wherein you own or lease property has been determined to have a significant weed infestation.

Whereas the Utah Noxious Weed Act provides that "it is the duty of every property owner to control and prevent the spread of noxious weeds on any land in his possession, or under his control" (See Utah Administrative Code R68-9), the CWMA wishes to cooperate with landowner/lessees in the geographical area where your land is located. Your property will be included on their annual Plan of Work. This Memorandum of Understanding (MOU) shall constitute an agreement between the landowner and Skyline Cooperative Weed Management Area to work together to effectively manage, control or eradicate identified weed species.

Landowner/Lessee Name: Clear Creek Homeowners Association

Geographic area of focus: 108 acres = 50 acres in mine site + 58 acres (calculated as 30 ft on either side of the 8 miles of roads shown on the Scotfield 7.5 min Quad map)

Priority Weed(s):

Class A	Class B	Class C
<input type="checkbox"/> Black Henbane	<input type="checkbox"/> Bermudagrass	<input type="checkbox"/> Field Bindweed
<input type="checkbox"/> Diffuse Knapweed	<input type="checkbox"/> Broad-leaved Peppergrass	<input checked="" type="checkbox"/> Canada Thistle
<input type="checkbox"/> Leafy Spurge	(Tall Whitetop)	<input checked="" type="checkbox"/> Houndstongue
<input type="checkbox"/> Medusahead	<input type="checkbox"/> Dalmatian Toadflax	<input type="checkbox"/> Saltcedar
<input type="checkbox"/> Oxeye Daisy	<input type="checkbox"/> Dyers Wood	<input type="checkbox"/> Quackgrass
<input type="checkbox"/> Perennial Sorghum species	<input checked="" type="checkbox"/> Hoary Cress (Whitetop)	
<input type="checkbox"/> Purple Loosestrife	<input checked="" type="checkbox"/> Musk Thistle	Other (list)
<input type="checkbox"/> Spotted Knapweed	<input type="checkbox"/> Poison Hemlock	
<input type="checkbox"/> St. Johnswort	<input type="checkbox"/> Russian Knapweed	
<input type="checkbox"/> Sulfur Cinquefoil	<input type="checkbox"/> Scotch Thistle	
<input type="checkbox"/> Yellow Starthistle	<input type="checkbox"/> Squarrose Knapweed	
<input checked="" type="checkbox"/> Yellow Toadflax		

The CWMA agrees to:

- Employ reasonable Integrated Pest Management (IPM) treatment methods
- Schedule at least one day a year for CWMA members to assist public and private landowner/lessee with control measures to weed infestations within the geographic area of focus and keep the landowner/lessee informed of activity plans
- Supply material (equipment and chemical) as is available or appropriate for the project

Landowner/Lessee agrees to provide access to the property with adequate prior notice, to cooperate in the weed control efforts, and can supply the following:

Labor Landowner, Lessee, or Employees
to assist on weed control activity days

Equipment

Financial

Materials

Other

6 gallons herbicide Product Name Milestone (application rate 7oz/ac)
or 16 dry lbs of Chapparal (application rate 2.5 oz/ac)

I recognize that weeds on my property do not only affect me but also have a detrimental affect on my neighbors and other beneficial users of the land. I agree to cooperate with the CWMA in efforts to contain, control, or eradicate the weeds of concern indicated in this MOU. I **will hold harmless any Skyline CWMA associates from any loss or liability that may arise from the weed control activities.**

It is mutually agreed that after _____ years the CWMA will evaluate the effectiveness of control efforts and determine when complete control efforts will be turned over to the landowner.
