To: Priscilla Burton <priscillaburton@utah.gov>

Priscilla,

Attached is the aerial map from the carbon county website showing the location of the Hammond property affected by the . I have highlighted the Hammond property western boundary with yellow. You will see the stretch of road and area of reclaimed mine that is on the Hammond property from this aerial map. Please send me a copy of the proposed work requisition asap. I hope to be able to get this to my in-laws and their approval in time for the work to be completed. What was the result of your efforts to have the DWR help fund the Eccles canyon culvert removal?

Regards,

Robert Aycock
