Priscilla,

Please work directly with Alan Boehms about developing a cooperative agreement with UT. Alan and Steve Trujillo will prepare the necessary paper work. Alan is out today, but will return to the office tomorrow. In the mean time, please direct any questions directly to me or Alan.

Thank you

Jeff

Greetings - the timing of your question is excellent. The Director approved funding for the White Oak project last week and I receive the the actual funding today. The process for Utah to receive the

funding is to work with the Denver Field Division to prepare a cooperative agreement. I am copying Jeff Fleischmann on this message for him to follow-up with you on details for proceeding.

Hello Mr. Barchenger,

Can you tell me the timeline for evaluation and decision on the applications for the civil penalty funds? The Utah Division of Oil Gas & Mining submitted an application for work at the White Oak mine site.
