Hi All,

I am very happy to report that the Whiskey Creek to Clear Creek weed control and mapping project was funded by the Utah Dept. of Agriculture. Our scheduled White Oak spray day on July 9 is part of this project. I have attached a map that shows the areas to be treated by SCWMA in 2014. We are meeting Robert Aycock at 8 a.m. on July 9 at the Scofield store. He will be directing our work.

I hope you can take part in this project.

Thanks everyone!

**Map TWO 2013_2014 Spray.pdf**

1200K

MAP 2 2013-2014 Spray Area

The areas treated in 2013 are highlighted in green. The treated areas were concentrated on the roads and reclaimed mine site in Whiskey Canyon and the Marion Energy Well in Slaughterhouse Canyon. Planned treatment areas in 2014 will include those areas treated in 2013 and the expanded areas shown in red highlight.
