To: Justin Hart - Utah Wildlife Resource <justinhart@utah.gov>, OGMCOAL DNR <ogmcoal@utah.gov>

Hello Justin,

You may receive a call or be asked to comment on this letter sent to Greg Sheehan last week by OGM. Please let me know the progress of the document. Please send the signed document to me and I will forward it to the OGM Accounting office.

Thank you.

Greg Sheehan, Director
Division of Wildlife Resources
1594 West North Temple
Salt Lake City, Utah 84114

Subject: Cooperative Agreement Between UDWR and UDOGM, Watershed Restoration of Whiskey Creek and Eccles Creek, WRI #3352 & WRI #3453

Dear Mr. Sheehan:

The Division of Wildlife Resources has been working closely with our office to restore and improve the fish habitat of Eccles Creek and Whiskey Creek in the Carbon County area near the White Oak mine which has been undergoing reclamation. Justin Hart and Makeda Hanson have been instrumental in helping to move this project along. Enclosed you will find the originals of the Cooperative Agreement between our agencies. Please sign both originals and have your Financial Officer sign as well, then keep one copy and return the other to me at your earliest convenience.

Thank you for your help and the work of your staff on these mutually beneficial projects. If you have any questions, please call me at 801-538-5325.

Sincerely,

Daron R. Haddock
Coal Program Manager
