RE: CEP/007/002

Dear Mr. Smith:

This is a notice of intent to do additional reclamation work on the closed Knight-Ideal Mine portals in Dugout Canyon. The soil material used to close the portals has slumped and may be allowing air to enter the old works. The reclamation seed mix recommended by your agency in the original exploration permit will be applied to the area after regrading. Work is scheduled to begin immediately.

If you have questions concerning this action, please call me.

Very truly yours,

A handwritten signature in cursive script that reads "Charles Durrett".

Charles Durrett
Environmental Coordinator
