Re: Sage Point/Dugout Canyon
1983 Drilling Program
U-07746

Dear Mr. Moffitt:

Due to unexpected complications, I request that Sunedco's 1983 Drilling Program Permit be modified. The modification consists of deleting Hole No. 14-6 and substituting Hole No. 15-5 in its place (see enclosed map). An archaeological survey will be done prior to drilling. The new location, on Sunedco property, is in a sagebrush community and minimal land disturbance is expected.

Please contact me if I can be of further assistance.

Very truly yours,
