Dear Mr. Katlic:

Re: Status of Final Closure and Reclamation Plan, Willow Creek Site,  
Blackhawk Coal Company, ACT/007/002, Carbon County, Utah

The Division received the revised Willow Creek Final Closure and Reclamation Plan on March 15, 1990. Distribution of the plan to the appropriate agencies has now been accomplished and the Division's staff is currently conducting a review of the plan. After review a Technical Analysis (TA) will be written.

We are required to allow the other state and federal agencies 45 days to make their review and provide any comments on your plan. With this in mind we have set May 25 as the target date for issuing the Blackhawk permit.

We appreciate your cooperation in working toward this date. If you have any questions please call.

Sincerely,

Lowell P. Braxton  
Associate Director, Mining
