BEFORE THE BOARD OF OIL, GAS, AND MINING
DEPARTMENT OF NATURAL RESOURCES
in and for the STATE OF UTAH
ORDER TO SHOW CAUSE
NO. ACT -007-004

STATE OF UTAH }
County of Carbon, } ss.

I, Robert L. Finney, on oath, say that I am
the Publisher of the Sun Journal,
a weekly newspaper of general circulation, published at Price,
State and County aforesaid, and that a certain notice, a true copy
of which is hereto attached, was published in the full issue of
such newspaper for one (1)

consecutive issues, and that the first publication was on the
19th day of March, 19 77, and that the
last publication of such notice was in the issue of such newspaper
dated the 19th day of March, 19 77.

Robert L. Finney
Subscribed and sworn to before me this

19th day of March, 19 77.

[Signature]
Notary Public.

My Commission Expires October 26, 1977

My Commission expires _____, 19 _____

Publication fee, \$ 29.20

IN THE MATTER OF THE APPROVAL OF THE NOTICE OF
INTENT AND RECLAMATION PLAN SUBMITTED BY
BRAZTAH CORPORATION, BRAZTAH NO's. 3 thru 8 MINES,
CARBON COUNTY, UTAH.

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF
PRODUCTION, MINERAL AND ROYALTY OWNERS, AND
PARTICULARLY ALL PERSONS INTERESTED IN TOWN-
SHIPS 12 and 13 SOUTH, RANGES 8-10 EAST, SLBM, CARBON
COUNTY, UTAH.

Notice is hereby given that tentative approval was given to the
Braztah Corporation by the Utah Division of Oil, Gas, and Mining,
to continue and begin underground coal mining on portions of 57
Sections of Township 12 and 13 South, Range 8-10 East, SLBM,
Carbon County, Utah. The name of the operation is Braztah No's.
3-8 Mines and the person representing the company is Mr. W.H.
Haynes Jr, Executive Vice President, Braztah Corporation, Box
599, Helper, Utah 84526.

Braztah Corporation has fulfilled obligations under the Mined
Land Reclamation Act of 1975 (Section 40-8, U.C.A., 1953, as
amended) and will employ the following reclamation techniques
on 170 acres of fee land which comprise the land affected.

During Operations:

- 1) Soil will be scraped and properly stockpiled where possible before future land disturbance.
- 2) In all cases of development, a minimum of surface disturbance will be made.
- 3) Coal will be extracted with special consideration in areas where subsidence might pose adverse consequences.
- 4) Reject material from a washing plant will be de-watered and deposited in a non-impounding, engineered refuse dump
- 5) Dust suppression techniques will be incorporated in the coal-handling and loading facilities.
- 6) Excess water will be treated to acceptable standards before disposal into surface water courses.
- 7) Reclamation techniques will be researched on various sites during the life of the project.
- 8) Existing drainages will be properly diverted around all surface facilities.
- 9) The operation will be conducted in a safe and orderly manner with full consideration of environmental concerns

After Operations:

- 1) All surface structures will be dismantled and removed from the site along with all machinery, scrap and debris
- 2) All openings to the mines will be properly sealed.
- 3) Areas of surface disturbance will be scarified and graded to stable contours
- 4) Soil material will be spread over infertile coal and waste rock
- 5) All disturbed areas will be returned to a productive use by planting approved species.
- 6) Soil amendments and maintenance will be used if necessary to provide for revegetation success

Reclamation performance surety will be established upon final approval of the reclamation plan.

Any person or agency aggrieved by this tentative decision is hereby requested to submit written protest within 30 days of March 25, 1977, to the Division of Oil, Gas, & Mining, 1588 West North Temple, Salt Lake City, Utah, setting forth factual reasons for his complaint, and thereafter, at a time and place heretobe established, appear before the Board of Oil, Gas and Mining, to show cause, if any there be, why this plan should not be approved
