Dear Mr. Condie:

Enclosed are the two (2) executed copies of the Mined Land Reclamation Contracts for the Braztah operations in Carbon County, Utah. This now completes the approval process for the Braztah operations, therefore, the mines can now be operated lawfully under the Mined Land Reclamation Act.

Please be advised that under the Surface Mining Control and Reclamation Act of 1977, Public Law 95-87, which is the new Federal Law governing surface mines, the plan will need slight revisions eventually. The State hopes to achieve the regulation responsibility from the Department of Interior under this new Law. Once the extent of the needed revisions is known by the State, you will be contacted so that the changes can be made to your Mining and Reclamation Plan, herewith approved.

Let us know if you have any questions on this approval.

Sincerely,

DIVISION OF OIL, GAS, AND MINING
