Re: Notice of 30 CFR 710.11(d)(2) - Surface
Mining Control and Reclamation Act of
1977, Rules and Regulations

Gentlemen:

By letter of February 27, 1978, we gave you notice of the physical impossibility to bring the therein designated structures or facilities into compliance with the provisions of the captioned Act and regulations thereto by May 3, 1978, all as provided by the regulations.

This letter is to request that you consider this matter leading to a determination that such compliance is in fact impossible by May 3, 1978, at the next regular meeting of the Oil, Gas, and Mining Board, which we understand is scheduled for April 19, 1978.

At this meeting, we will be prepared to submit an affidavit and other evidence in support of our position.

Yours very truly,
