Mr. Murray T. Smith, Chief
Division of Inspection and Enforcement
Office of Surface Mining - Room 270
1823 Stout Street
Denver, Colorado

Dear Mr. Smith:

Attached please find the Sediment Control Plans and Specifications which is being submitted under separate cover as Attachment No. 3 to my letter to you dated October 26, 1979. The attachments consist of Construction Specifications for Drainage Improvements For Disturbed Surface Areas for American Electric Power Service Corporation near Helper, Utah.

Should you have any questions regarding Attachment No. 3 or the content of my referenced letter, please do not hesitate to contact me.

Very truly yours,

BRAZTAH CORPORATION
