Mr. Ron Daniels  
Coordinator of Mined Land Development  
Department of Natural Resources  
1588 West North Temple  
Salt Lake City, Utah 84116

Dear Mr. Daniels:

Enclosed please find copies of NOV 80-5-7-25  
which were issued to mining companies within your State during this offices  
recent on-site inspections conducted on October 28, 1980.  
If you have any questions or problems, please contact this office.

Mine inspection reports for all of the operations inspected during the above  
time frame, and within your State, will be sent to you as soon as they are  
processed.

Sincerely,

Thomas E. Ehmett  
Acting Assistant Regional Director  
Division of Inspection & Enforcement

Under the authority of the Surface Mining Control and Reclamation Act of 1977 (P.L. 95-87; 30 U.S.C. 1201), the undersigned authorized representative of the Secretary of the Interior has conducted an inspection of the above mine on the above date and has found violation(s) of the Act, the regulations or required permit condition(s) listed in the attachment(s). This Notice constitutes a separate Notice of Violation for each violation listed.

You must abate each of these violations within the designated abatement time. You are responsible for doing all work in a safe and workmanlike manner.

The undersigned authorized representative finds that cessation of mining is  is not  expressly or in practical effect required by this Notice. For this purpose "mining" means extracting coal from the earth or a waste pile and transporting it within or from the minesite.

This Notice shall remain in effect until it expires as provided on the reverse or is modified, terminated, or vacated by written notice of an authorized representative of the Secretary. The time for abatement may be extended by an authorized representative for good cause, if a request is made within a reasonable time before the end of the abatement period.

Notice of Violation No. N 80-5-7-25

Violation No. 1 of 1

Nature of the Violation

Failure to divert overland flow from undisturbed areas away from disturbed areas by means of temporary or permanent diversion structures.

Provision(s) of the Regulations, Act, or Permit Violated

30 CFR 717.17 (c)  
P.L. 95-87 Section 516 (b)(7)  
30 CFR 211.40 (b)(5)

Portion of the Operation to which Notice Applies

Areas of operation in Handscrabble Canyon (mines # 3 & 4) where overland flows from undisturbed areas are affected by mining & mining-related activities.

Remedial Action Required (including interim steps, if any)

Divert overland flow from undisturbed areas away from disturbed areas by means of temporary or permanent diversion structures which are constructed and maintained to minimize impacts to these flows from disturbed areas. Diversions shall include linings, vegetation or other applicable measures to minimize erosion and sediment loads.

Time for Abatement (including time for interim steps, if any)

30 Days  
28 November 1980
