Dear Mr. Daniels:

Enclosed you will find our operations and progress report for 1979. Three (3) maps are being sent with this report. A map showing reclaimed drill sites and roads plus some of our surface facilities. Maps of our No. 3 and No. 5 Mines current through January 1, 1980, are also included.

Our planned production for 1980 will be 1,475,000 tons. This tonnage will come from our No. 3 and No. 5 Mines in the same general areas and mining directions as our 1979 production.

If you have any questions about this report, please call me.

Sincerely,
