Dear Mr. Haub:

On November 12, 1981, a joint compliance check was made on the Crandall Canyon Powerline. All development and rehabilitation is in compliance with terms and conditions of the right-of-way grant. Your contractor is to be commended on the excellent job done in the construction of this line with little or no environmental impact. We appreciate the cooperation you and your company extended on this project.

Sincerely yours,

Leon E. Berggren
