Purpose of Call:

To give Lee a message for Tom Tetting regarding Price River Coal Co.'s Crandall Canyon Road modification. OSM headquarters solicitor, Dave Geier, has advised us that since this road is part of a 211 permit, it can be handled as a minor modification to the existing permit. Ken Lawyer of OSM's Kansas City Office has found the road design acceptable. Therefore, OSM authorizes UDOGM to approve this minor modification of the Crandall Canyon Road. Forest Service concurrence has not been obtained as we understand that this road is located on private surface.

Ken Hutchison of Price River Coal Company called this morning and was given the above information.

This memorandum is to provide confirmation of our verbal concurrence.
