Dear Mr. Wiley:

On April 19, 1981 the Executive Secretary published a notice of intent to approve your petrochemicals storage tanks & drums and diesel fueled generator at the Crandall Canyon Surface Operation. The 30-day public comment period expired May 18, 1981 and no comments were received.

This air quality approval order authorizes the installation/ construction and operation of the tanks, drums and diesel generator as proposed in your notice of intent dated March 25, 1981 with the following conditions:

1. Diesel generator exhaust shall not exceed 20% opacity, per Section 4.1.4, Utah Air Conservation Regulations, except for 3 minutes in any hour.
2. Petrochemicals to be stored shall be contained in underground or surface steel tanks and barrels as proposed.
3. The Executive Secretary shall be notified when the surface facility is completed as an initial compliance inspection is required.

Sincerely,

Brent C. Bradford
Executive Secretary
Utah Air Conservation Committee
