Inspection Memo
to Coal File:

RE: Price River Coal Company
Crandall Canyon
ACT/007/004

On July 30, 1981, Mary Bosworth, Sue Linner, Joe Helfrich and Lynn Kunzler visited the Price River Coal Company Crandall Canyon modification site on a general tour of the facilities. Emphasis was placed on engineering and biological information. We viewed the proposed water storage area and leach field. A Golden Eagle^(?) was sighted soaring over the cliffs adjacent to the leach field area. We looked for the reference area but could not find it.

Division inspectors were accompanied by Mr. Gene Haub of Price River Coal Company.
