RE: Crandall Canyon
ACT/007/004
Carbon County, Utah

Dear Mr. Wiley:

This letter is in response to your letter dated December 4, 1981, regarding the additional soils information I asked for on Crandall Canyon.

After reviewing the additional laboratory data and the SCS Soil Survey provided by you, it is felt that the section on Topsoil General Requirements (817.21) of the Crandall Canyon DOC is complete.

However, the Division has not received OSM's DOC and they may still consider the mine plan lacking in this area.

Sincerely,

EVERETT HOOPER
