Subject: Approval to Upgrade the  
Price River Coal Co.  
Truck Weigh Scale Area

Dear Mr. Tething:

We request approval to begin work in upgrading the truck turnaround area at the Price River Coal Co. truck weigh scale. UP&L Co. has engaged in a contract with AEP for use of their truck weigh scale whereby UP&L Co. is responsible to provide area upgrading. Enclosed is McNally Engineering Drawing D-C-1001 describing proposed improvements to be made this Fall. Not shown on this drawing is the commitment by UP&L Co. to asphalt the truck turnaround area next Spring when weather conditions are more favorable.

UP&L Co. is eagerly pursuing early use of the Price River Co. truck weigh scale. Please review the enclosed drawing.

Should you have any questions, please respond as soon as possible.

Sincerely,

  
R. A. Clawson  
Plant Projects Supervisor
