RE: Transmittal of Price River Coal  
Company's Resubmittal of the MRP  
and response to ACR  
ACT/007/004  
Carbon County, Utah

Dear Mr. Bamberg;

Please find attached two new mammoth editions of the Price River Coal Company's Mining and Reclamation Plan. As substantiated in a letter signed by Richard Dawes for Allen Klein (August 10, 1982), the application has been submitted according to schedule.

Because of several other delays that have occurred during the processing of this particular mine plan, I hope the most recent change over in Technical Project Officers will not necessitate any further hang-ups. If there is any unfamiliarity recognized on the part of the new T.P.O., please have them contact me so a background from the State's viewpoint may be supplied for efficient understanding of the situation. In the meantime, I am sure John Montgomery will have already filled you in on the area concerning the impending contract for a consultant's review of the resubmittals. Please let me know if I may be of help.

Sincerely yours,

THOMAS N. TETTING  
ENGINEERING GEOLOGIST
