Dear Dr. Nielson:

The Office of Surface Mining Western Technical Center (OSM) has received the July 25, 1985, Utah Fuel Company's submittal of an amendment to the approved mine reclamation plan of Utah permit No. ACT/007/005 for the Skyline mine. OSM reviewed this submittal and has determined that it does not constitute a modification to the approved mining plan under 30 CFR 746.18. Based on the review of the submittal, OSM concurs with the Division of Oil, Gas & Mining's (DOGM's) decision to approve the submittal as indicated in DOGM's letter dated August 22, 1985.

If you have any questions, please contact Richard Holbrook at (303)844-2451.

Sincerely,

Melvin L. Shilling, Chief
Mining Analysis Division
