Dear Ms. Nielson:

The Forest Service received from the Division one copy of the proposed plans dated July 23, 1985, for the sediment pond clean-out and subsequent sediment disposal for the Skyline Mine. Comments were requested by August 8, 1985. We informed the Division by letter dated August 6, 1985, that we would not be able to meet the time frame of their request. No concerns are identified with the disposal areas that would create probable adverse affects to National Forest System resources or resource uses.

Sincerely,

W H Bailey
for
REED C. CHRISTENSEN
Forest Supervisor
