Re: Partial Approval for Mine Modification to Sedimentation
Pond

Dear Mr. Braxton:

We have received your September 4, 1985 letter and accept the three stipulations for the installation of the trial baffle system in our sedimentation pond here at the mine site. As we evaluate the performance of these baffles, if we find them to be beneficial, we will request approval under the appropriate UMC regulations.

Sincerely,

Glen A. Zumwalt
Vice President & General Manager
